The letter from the members of the "Group for Study of Works of the Great Leader Comrade Kim Il Sung" of teachers in Aden, the People's Democratic Republic of Yemen, who attended a gathering for study of the brief history of the glorious and brilliant revolutionary activities of the respected and beloved Leader Comrade Kim Il Sung, pointed out as follows:

Your Excellency Premier, it would be difficult, nay, impossible to fully understand the greatness of your glorious history, no matter how profoundly and sincerely the world people may study your great history.

The world revolutionary peoples who are guided by the brilliant ideas of you, the respected and beloved Leader, regard your revolutionary history as a textbook for their revolutionary struggle and as a symbol of victory in the struggle for the interests of the revolutionary peoples.

We deem it pride and honour to study your revolutionary history.

The world peoples now read with avidity and study the history of Your Excellency Premier replete with heroism, glory and immortal feats. This means death, downfall and collapse to the U.S.-led imperialists of the world. At the same time, this means that the history of Your Excellency Premier awakens and rouses the people and makes them follow your pre-eminent brilliant ideas.

The militant biography of you, the respected and beloved Leader, and your revolutionary history, the heroic epic, which a large number of people in the world study zealously, are a literature of world-wide significance that wins admiration and respect from the world people and an excellent textbook that encourages the proletarian masses on the globe to follow the outstanding and brilliant leadership of you who have a keen insight.

The letter from the Arab and Palestinian students studying in Austria who saw the "exhibition of books, photographs and people's art of the Democratic People's Republic of Korea" held in Vienna, the capital of Austria, said:

The immortal brilliant works of Your Excellency esteemed Premier are the Marxist-Leninist literature of the present time the justness of which has been proved by the revolutionary activities of Your Excellency Premier over nearly half a century. They are a real textbook of revolution and are a weapon for the world revolutionary peoples in their struggle against imperialism and colonialism and for national independence and freedom.

There are many leaders in the world, but we do not know yet such a leader as Your Excellency Premier Kim Il Sung, the outstanding iron-willed brilliant commander and military strategist-genius who defeated for the first time in history U.S. imperialism which had boasted of being the "strongest" in the world and Japanese imperialism, the genius of revolution who has rebuilt the country reduced to ashes by the war into a socialist industrial state in a short time of 14 years, the Leader who always finds himself among the people and shares weal and woe with them as their father and comrade, the great sun of revolution who confidently leads the international communist and working-class movements and the world revolution along one road of victory under the complex world revolutionary situation and the great Leader of the people who gives hundreds of millions of the world people strength, courage and conviction.

That is why we are filled with a determination to do our utmost to make a deeper study of the great revolutionary idea, *Juche* idea, of the immortal works of Your Excellency Premier, the outstanding Leader of revolution, and of the history of the brilliant revolutionary activities of Your Excellency to arm ourselves with your idea.

We cordially wish good health and a long life to Your Excellency esteemed Premier Kim Il Sung, the great Leader of the 40 million Korean people and the outstanding Leader of the world revolution, for the nation-wide victory of the Korean revolution, the eternal prosperity of Korea and the final victory of the world revolution.

Entire Korean People Resolutely Denounce Japanese Militarists' Manoeuvres for Reinvasion of South Korea

Pyongyang City Indignation Meeting Held to Expose and Denounce Reinvasion Scheme of Japanese Militarists

A Pyongyang city indignation meeting for exposing and denouncing the reinvasion scheme of Japanese militarists was held at the Moranbong Theatre on the evening of June 28.

Respectfully placed on the background of the platform was a portrait of Comrade Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, who always leads our people along one road of victory and glory.

Flags of the Republic were hanging on its both sides.

Attending the meeting were Li Guk Ro, Chairman of the Committee for the Peaceful Reunification of the Fatherland and Presidium Member of the Central Committee of the Fatherland Front; Choe Won Taek and Ko Jun Taek, Presidium Members of the Central Committee of the Fatherland Front; and responsible personnel of the Party and government organs and social organizations and working people, servicemen of the People's Army and youth and students in the city.

The indignant crowds, raising high their iron fists, shouted: "Smash the reinvasion scheme of the Japanese militarists against south Korea!" "Let us actively fight to lay in ashes the criminal 'south Korea-Japan agreements'!" "We vehemently denounce the new war provocation manoeuvres of the U.S. and Japanese aggressors and the Pak Jung Hi puppet clique!" "We sternly condemn fascist suppression of the south Korean revolutionaries by U.S. imperialism and the Pak Jung Hi puppet clique!" "Let us actively struggle to unconditionally and immediately release the arrested and imprisoned south Korean youth and students!" "We actively support and encourage the anti-U.S. national-salvation struggle of the south Korean youth and students and people!" "Sweep away the U.S. imperialist aggressors and Pak Jung Hi puppet clique from south Korea and reunify the fatherland!" "Down with the Pak Jung Hi puppet clique, dual stooges of the U.S. and Japanese aggressors!" and "U.S. imperialists, get out of south Korea at once!" Their faces were expressive of an adamant resolve to decisively chop off the talons of reinvasion of the Japanese militarists who are desperate in making their way again into south Korea and throw into the raging waves of the Korean Straits all the descendants of the old "divisions of the imperial army" who are creeping with swords of aggression between their teeth.

The indignant shouts shook the meeting hall.

Kang Tae Ho, Vice-Chairman of the Central Committee of the General Federation of Trade Unions, took the floor.

He pointed to the fact that the Japanese militarists who have already stretched out their tentacles of aggression deep into south Korea in various fields, political, economic and cultural, are embarking upon the road of more actively carrying on military aggression on south Korea in collusion with the U.S. imperialists who are now frantically stepping up preparations for new war provocation in Korea.

He said that some time ago the chief of the ground "self-defence force" of Japan and scores of other bigwigs of the "self-defence forces" of Japan crept into south Korea and now Sato, the villainous boss of Japanese militarism, is going to sneak into south Korea, together with a "special envoy" of the reactionary Japanese government under the pretext of attending the puppet presidential "inauguration" of traitor Pak Jung Hi on July 1. Then he roundly condemned the south Korean tour of Sato, the villainous boss of Japanese militarism, as an intolerable insult and unpardonable challenge to the entire Korean people who fight against the aggression of foreign imperialists and for the independent, peaceful reunification of the country and to the honest-minded people of Asia and the world who value peace and national independence.

He also exposed and denounced the U.S. imperialist aggressors who had paved the way of reinvasion of south Korea for the Japanese militarists through the fabrication of the criminal "south Korea-Japan agreements" and are viciously manoeuvring after the "Nixon-Sato talks" to realize with ease their aggressive ambition chiefly by means of "making Asians fight Asians," bringing the Japanese militarist forces to the fore in aggression on Korea and Asia under the signboard of the so-called "Nixon doctrine."

Further, he warned the Japanese militarists who, zealously riding on the so-called "new Asia policy" of the U.S. imperialists, are working madly to realize their wild ambition of aggression on Korea and Asia by taking an active part in a war against the Korean people as the "main striking force."

He exposed and condemned the Japanese militarists for stretching out their tentacles of aggression deep into south Korea and frequently conducting most provocative military exercises to invade our country.

He also pungently denounced the country-selling, treacherous acts of the arch traitor Pak Jung Hi puppet clique who, professing themselves to be the band of "second Li Wan Yong," signed the criminal "south Korea-Japan agreements" under the instruction of the U.S. imperialists and are ushering the Japanese militarists into south Korea in a big way.

Due to the ever-intensified reinvasion moves being carried on by Japanese militarists with the Pak Jung Hi puppet clique as the guide under the patronage of the U.S. imperialists, south Korea which has been reduced to a complete colony of the U.S. im-

The Korean and Chinese Peoples Will Fight on Shoulder to Shoulder against U.S. Imperialism and Japanese Militarism, the Common Enemies

Pyongyang City Mass Meeting Held in Support of Chinese People's Struggle against U.S. Imperialism and for Liberation of Taiwan

A Pyongyang city mass meeting was held on June 27 at the Pyongyang Grand Theatre to expose and denounce the occupation of Taiwan by U.S. imperialism and its crimes and to support the struggle of the fraternal Chinese people for the liberation of Taiwan, their sacred territory.

The meeting place was packed to capacity with working people in the city and servicemen of the one-beats-a-hundred heroic Korean People's Army.

Respectfully placed on the platform of the meeting hall were a portrait of Comrade Kim Il Sung, the great Leader of the 40-million Korean people, and a portrait of Comrade Mao Tse-tung, the great Leader of the Chinese people.

The portraits were flanked by the national flags of our country and China.

Put up in the meeting place was a big militant slogan written in Korean and Chinese: "Down with the U.S. imperialist aggressors, the common enemy of the Korean and Chinese peoples!"

The meeting was attended by Comrade Pak Sung Chul, Member of the Political Committee of the Central Committee of the Workers' Party of Korea and Second Vice-Premier of the Cabinet; Comrade So Chol, Member of the Political Committee of the Central Committee of the Workers' Party of Korea and Vice-President of the Presidium of the Supreme People's Assembly; Comrade Chong Jun Taek, Alternate Member of the Political Committee of the Central Committee of the Workers' Party of Korea and Vice-Premier of the Cabinet; Kang Ryang Uk, Vice-President of the Presidium of the Supreme People's Assembly; and cadres of government organs, social organizations and the People's Army.

Invited to the meeting were Ambassador Li Yun-chuan and staff members of the Embassy of the People's Republic of China and Chinese technicians; Le Dong, Ambassador of the Democratic Republic of Viet Nam; Ho Cong Kieu, First Secretary of the Embassy of the Republic of South Viet Nam; and Ching Chhun Leang, Charge d'Affaires ad interim of the Embassy of the Royal Government of National Union of Cambodia in Pyongyang.

Also invited there were members of the Chinese youth delegation, the delegation of the Ho Chi Minh Labour Youth Union of Viet Nam, the delegation of the South Viet Nam Youth Union for Liberation, the youth delegation of the National United Front of Kampuchea, and the delegation of the Laotian Patriotic Youth Union, which came to our country to attend the Sixth Congress of the LSWYK.

The band struck up the national anthem of the People's Republic of China and the Patriotic Song of our country after the meeting was declared open.

Comrade So Chol, Member of the Political Committee of the Central Committee of the Workers' Party of Korea and Vice-President of the Presidium of the Supreme People's Assembly, made a speech at the meeting.

Entrusted by the Central Committee of the Workers' Party of Korea and the Government of the Republic, he, in the name of the entire Korean people, extended the warmest militant greetings to the Central Committee of the Communist Party of China, the Government of the People's Republic of China and the fraternal Chinese people.

He said that the occupation of Taiwan by U.S. imperialism was a brigandish aggressive act against the People's Republic of China and an open challenge to the Korean people, the Chinese people and other revolutionary peoples of Asia and all the socialist countries, and laid bare and condemned vicious provocative acts the U.S. imperialists have for the past 20-odd years committed against the People's Republic of China with Taiwan as a base.

He said that in accordance with the notorious "Nixon doctrine" the U.S. imperialists have been running ever wilder particularly in recent years in the manoeuvres to realize with ease their ambition of aggression in Korea, China and other countries of Asia by means of "making Asians fight Asians" by using Japanese militarism as a "shock force."

The speaker quoted the teaching of Comrade Kim Il Sung, the great Leader of the 40 million Korean people:

"The frantic manoeuvres of the Japanese militarists for rearmament and aggression are nothing but a direct product of the Asian strategy of the U.S. imperialists. "Japan has again become the hotbed of fresh aggression and war in Asia, against which the Asian peoples have to heighten their vigilance."

He continued:

The Government of the Democratic People's Republic of Korea and the entire Korean people bitterly denounce the nefarious manoeuvres of the U.S. imperialists to occupy Taiwan permanently and the Japanese militarists' scheme for reinvasion of Taiwan as an outrageous challenge to the Chinese people and the revolutionary peoples of Asia, and express all-out support to and firm militant solidarity with the just struggle of the fraternal Chinese people for the liberation of Taiwan Province.

With no manoeuvre can the U.S. and Japanese reactionaries break the unshakable resolution of the Chinese people to liberate by all means Taiwan, the sacred territory of their motherland, or block the road ahead of them, the speaker emphasized.

He went on:

The Korean people who enjoy the active support and encouragement of the world revolutionary forces will fight on staunchly against the U.S. imperialists and the Japanese militarists and their stooges, and thus foil the wicked manoeuvres of the enemies to perpetuate the split of the nation and achieve the independent reunification of the fatherland without fail.

The speaker quoted the teaching of Comrade Mao Tse-tung, the great Leader of the Chinese people:

"The heroic Korean people and the Chinese people formed the kindred militant friendship in the just struggle against aggression and for defence of peace."

The speaker said:

Our two countries are close neighbours with a river in between and the Korean and Chinese peoples are revolutionary comrades-in-arms and brothers who have waged the protracted common struggle against Japanese imperialism and U.S. imperialism.

The Korean people, the speaker declared, will as ever do everything possible to strengthen the militant friendship and solidarity with the fraternal Chinese people sealed in the flames of the arduous revolutionary struggle and keep up a resolute struggle, shoulder to shoulder with them, against U.S. imperialism and Japanese militarism, the common enemies.

Comrade So Chol extended militant solidarity to the just struggles of the Indochinese people and the Arab people and to the revolutionary struggle of all peoples of Asia, Africa, Latin America and the rest of the world.

Li Yun-chuan, Ambassador of the People's Republic of China to our country, spoke next.

He expressed lofty tribute to Comrade Premier Kim Il Sung and to the Workers' Party of Korea, the Korean Government and people for holding such a grand mass meeting in active support of the struggle of the Chinese people.

The Chinese people will never tolerate any machination of the U.S. and Japanese reactionaries to sever Taiwan from China, the ambassador noted, and went on:

The 700 million Chinese people will certainly liberate Taiwan, their sacred territory, and surely accomplish the cause of unification of the motherland, in accordance with the teachings of the great Leader Chairman Mao.

The ambassador quoted the words of Chairman Mao, the great Leader of the Chinese people:

"The danger of a new world war still exists, and the peoples of all countries must get prepared. But revolution is the main trend in the world today."

The speaker pointed out that the U.S. imperialists and their lackeys, dealt blows by the revolutionary upsurge of the peoples the world over, find themselves in a more passive and difficult position and are isolated further still.

He brought to light and flayed the U.S. imperialists and the Japanese militarists who have been pushing ahead actively with the preparations for a war to invade in conspiracy and compact Korea, China and other Asian countries.

The ambassador quoted the words of Comrade Kim Il Sung, the great Leader of the Korean people:

"If the Japanese militarists launch out on the road of re-aggression against Korea and Asia, oblivious of the lessons of history, they will perish in the flames they kindle themselves."

The speaker stated that the U.S. imperialists will surely be driven out of Taiwan, south Korea, Indochina and other parts they are occupying now and that the peoples in Korea, China and other Asian countries will certainly win the complete victory in their struggle against U.S. imperialism and Japanese militarism.

In conclusion, the ambassador said in an emphatic tone that the Chinese people immensely treasure the friendship and solidarity with the fraternal Korean people and will firmly unite forever with the Korean people in the future and fight and march forward shoulder to shoulder with them forever in the joint struggle against U.S. imperialism and Japanese militarism and in the common cause of revolution and construction.

The meeting closed with the playing of the Internationale.

Mohamud Ismail Mohamud, head of the Somali democratic youth delegation, said that the Somali youth have closely followed with pleasure the Korean people scoring great successes in revolution and construction under the guidance of Comrade Kim Il Sung, the great Leader of the Korean people, and highly appraise the role of the Korean youth and students who are overfulfilling the tasks set forth by the Leader.

He quoted the teaching of respected and beloved Comrade Kim Il Sung: **"The basic line of national reunification maintained all along by the Government of our Republic is to reunify the north and south by the Korean people themselves independently on democratic principles without any interference of outside forces following the withdrawal of all foreign troops from south Korea."**

And he expressed his conviction that this line will be materialized without fail.

Agustin Manana Abaga, head of the delegation of the Youth Organization "En Marcha con Macias" of the Republic of Equatorial Guinea, said:

APPEAL

to the South Korean Youth and Students Adopted at the Sixth Congress of the League of Socialist Working Youth of Korea

At its session of June 28, the Sixth Congress of the League of Socialist Working Youth of Korea adopted an appeal to the south Korean youth and students.

The appeal pointed out that the Sixth Congress of the LSWYK proudly demonstrated the united strength of the Korean youth who are firmly armed with the great revolutionary idea, the immortal *Juche* idea, of the respected and beloved Leader Comrade Kim Il Sung and united steel-like around him and that it fully showed the burning determination of our youth to devote their all to the struggle for the complete victory of socialism and the nation-wide victory of the Korean revolution, following the bright road indicated by the Leader.

Noting that at the Congress the great Leader Comrade Kim Il Sung spoke highly of the proud successes scored by our youth in the revolutionary struggle and construction work and gave programmatic teachings, which serve as an immortal textbook for the development of our youth movement, the appeal said: this is the greatest glory and happiness for us youth, the reliable reserve of the Korean revolution, and marks another outstanding event which will be inscribed in letters of gold in the history of the Korean communist youth movement.

After pointing to the fact that our country has been converted into a socialist industrial state as a result of the splendid fulfilment of the historic task of industrialization in a short period of only 14 years, the appeal said that in hearty response to the call of the great Leader Comrade Kim Il Sung, the young men and girls in the northern half of our Republic have rendered brilliant services and accomplished epochal miracles on construction sites for gigantic power plants and iron works, at worthwhile work places for development of coal and ore mines and for building up of big machine industry bases and in the course of building the advanced, affluent countryside.

The splendid achievements made in all fields are the brilliant fruition of the immortal *Juche* idea and wise leadership of Comrade Kim Il Sung, the great Leader of the revolution and the outstanding Leader of our youth movement, who has led the Korean revolution along one road of victory and glory for a long period of nearly half a century, bearing the destinies of the fatherland and the nation on his shoulders and personally breaking through all sorts of difficulties and hardships, the appeal stressed.

Saying that owing to the occupation of south Korea by the U.S. imperialists, our nation has been suffering from the tragic split for twenty-six years now and the youth and people of south Korea have not yet been extricated from the cursed lot of colonial slavery, the appeal trenchantly denounced with surging national indignation the U.S. imperialists and the Pak Jung Hi clique who have driven the south Korean people into the slough of unheard-of misery and tribulations.

Referring to the arduous yet glorious path of struggle the south Korean youth and students have traversed conjuring up in reverence the image of Comrade Kim Il Sung, the sun of the nation, and under the radiant rays of the great *Juche* idea of the Leader, the appeal extended warm support and militant encouragement to the south Korean youth and students in their vigorous anti-U.S., anti-Japanese national-salvation struggle.

The appeal said:

Comrade Kim Il Sung, the great Leader, taught us follows:

"The south Korean revolution is a national-liberation revolution against the U.S. imperialist aggressors and, at the same time, a people's democratic revolution against the stooges of U.S. imperialism—the landlords, comprador capitalists and reactionary bureaucrats—and their fascist rule."

Hold high the banner of revolution for national liberation and people's democracy as taught by Comrade Kim Il Sung, the genius Leader of the revolution!

Let the fierce flame of revolution sweep the whole land of south Korea, the flame that dooms to downfall the moribund system, the cursed colonial military fascist ruling system full of records of indelible crimes and burns all that is outmoded and rotten.

U.S. imperialism is the 100-odd-year-old sworn enemy of the Korean people and the root cause of all the misfortunes and sufferings of the south Korean people.

Raise higher the flame of the anti-U.S. national-salvation struggle to drive all the U.S. imperialist aggressors out of south Korea! Inflict a hundred-fold, a thousand-fold retaliatory blows on the U.S. imperialist aggressors, in the name of the fellow countrymen murdered ruthlessly by the U.S. imperialist aggressors, in the name of the sisters raped and deprived of their youth by the enemy, in the name of the young people who died miserably in the forests of South Viet Nam as the bullet-shields of the enemy! Death to the enemy everywhere!

Today, the Japanese militarists are stretching out their tentacles of aggression deep into south Korea in all fields, political, economic, military and cultural, and openly scheming to attain their colonial domination in south Korea. If you do not want the repetition of the gloomy history of the Japanese imperialist rule under which even the mountains and rivers, trees and grass of the country had trembled and writhed in wrath and the blue waters of the South Sea raged with indignation, raise the fierce flame of the nation-wide anti-Japanese movement!

Lay in ashes the criminal "south Korea-Japan agreements" and resolutely cut off the aggressive claws of the Japanese militarists!

Destroy all the Japanese aggressive organs including the "embassy," the modern edition of "government general" and expel the Japanese aggressors to the last man!

Reject the Japanese monopoly capital and Japanese goods and sweep away Japanese fashions and Japanese way of life!

The Pak Jung Hi clique are the out-and-out dual stooges of the U.S. and Japanese aggressors and a horde of traitors to the nation, who are never to be pardoned in all ages.

Young people in south Korea, resolutely smash traitor Pak Jung Hi's manoeuvres to hold office for life and wage a more powerful struggle to sweep away his fascist dictatorial regime!

Mete out stern punishment to the Pak Jung Hi puppet clique, the traitors for all ages, in the name of the people!

The fundamental question in revolution is the question of power.

Young people in south Korea, develop all your struggles to one for establishing people's power!

It is the most important task facing you at the present stage to oppose the colonial rule of U.S. imperialism and the fascist oppression by the Pak Jung Hi puppet clique and realize the democratization of society.

Keep up the vigorous struggle for the overthrow of the Pak Jung Hi fascist gang, the dissolution of all suppressive machines including the "central intelligence bureau" and the repeal of all sorts of fascist evil laws including "national security law" and "anti-communist law!"

Fight more energetically to win the democratic rights including the freedom of speech, the press, assembly, association and demonstration!

Intensify further the mass struggle for unconditional and immediate release of all the unwarrantably arrested and imprisoned revolutionaries, patriotic people, youth and students!

Strive to become the honourable standard-bearers in the anti-fascist movement for democratization to smash the fascist dictatorship and materialize the democratization of society!

South Korean youth and students, fight determinedly with a courage hundred-fold greater than that displayed by the heroic fighters of the April Popular Uprising!

Today, the reunification of the fatherland is the supreme national task confronting us and the most urgent task the fulfilment of which brooks not a moment's delay.

All of you, rise as one in the struggle for realizing the independent reunification of the fatherland!

Let us, young people in the north and the south who love the country and the people, join hands in firm unity!

Let us young people tear down the barrier of division by our united efforts and open the gate of the reunification!

Let us, young people in the north and the south in whose veins runs the same blood, tightly embrace each other and erect a great monument of reunification and independence soaring high into the endlessly azure sky over the fatherland!

Your struggle for freedom and liberation urgently demands the preparation of a powerful revolutionary force.

The victory of revolution can be firmly ensured only by forming an invincible revolutionary force capable of countering the counter-revolutionary violence with the revolutionary violence.

Achieve the unshakable unity of the youth based on the immortal *Juche* idea of Comrade Kim Il Sung, the great Leader, firmly unite the ranks of struggle and develop further the youth movement!

No force on earth can break the united might of youth.

Rally the young workers, peasants, students and other youths of all walks of life in the united revolutionary youth organization guided by the great *Juche* idea of Comrade Kim Il Sung, the genius Leader of the revolution!

Actively participate in the revolutionary Party organization which takes the great *Juche* idea of the Leader as the guiding idea and firmly build up the ranks of core elements of the progressive youth!

Only when the youth movement is closely linked with the struggle of the workers and peasants under the leadership of a revolutionary Party, can it become a genuine revolutionary movement and prove to be great might.

Youth and students, thoroughly defend the interests of the workers and peasants, go deep among them and fight energetically hand in hand with them!

Closely link the struggle of the youth and students for political freedom with the political struggle of the workers and peasants!

The revolutionary idea, the great *Juche* idea, of Comrade Kim Il Sung, the respected and beloved Leader, is the only guiding idea leading the Korean revolution along the most straight road of victory and glory, an immortal beacon brilliantly illumining the road ahead of the struggle of our people and is the sole banner of victory of our youth movement.

All of you, thoroughly arm yourselves with the revolutionary idea, the immortal *Juche* idea, of Comrade Kim Il Sung, the respected and beloved Leader!

The students and young intellectuals are the pioneers of revolution and disseminators of the progressive ideas.

Actively propagate the great revolutionary ideas of the Leader everywhere, among the workers and peasants and in town and country!

Only victory and glory is in store for you who are fighting vigorously under the banner of the revolutionary idea, the great *Juche* idea, of the genius Leader Comrade Kim Il Sung, the outstanding thinker and theoretician and the genius of the revolution.

In conclusion, the appeal pointed out that the great Leader Comrade Kim Il Sung leads the south Korean youth and students to victory, the entire people and youth in the northern half of the Republic warmly support them and all the progressive youths of the world stand on their side and stressed: let us all rally ourselves closely around Comrade Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, the peerless patriot, national hero, ever-victorious iron-willed brilliant commander and one of the outstanding leaders of the world revolution, and rise with vigour in the sacred struggle of resistance for national salvation to accomplish the south Korean revolution and the cause of the country's reunification upholding the great *Juche* idea!

APPEAL

to the Korean Youth and Students in Japan Adopted at the Sixth Congress of the League of Socialist Working Youth of Korea

The Sixth Congress of the LSWYK adopted in the last-day session on June 28 an appeal to the Korean youth and students in Japan.

The appeal said:

We held in Pyongyang, the red capital of the revolution, the Sixth Congress of the League of Socialist Working Youth of Korea which will be an immortal, great monument in the development of youth movement of our country, in the presence of Marshal Kim Il Sung, the great Leader of the 40 million Korean people, founder of the brilliant revolutionary traditions of the Korean communist youth movement and its Leader and benevolent father of our youth.

Especially, at the Congress the fatherly Leader Marshal Kim Il Sung highly praised our youth for the successes in their struggle and gave immortal programmatic teachings which constitute a new milestone in the development of the youth movement. This is the greatest happiness and glory for the Korean youth and a historic event in the development of the youth movement and life of the youth in our country.

Indeed, the Congress was a congress of allegiance which declared to the whole world the victory of the immortal *Juche* idea of the great Leader Marshal Kim Il Sung, an idea brilliantly embodied in the Korean youth movement; the Congress fully demonstrated the invariable determination and will of our youth to achieve the complete victory of socialism and the nation-wide victory of the Korean revolution along the bright road indicated by the Leader.

The current Congress denounced with surging indignation the Japanese reactionaries for suppressing the Korean youth in Japan and expressed powerful support to the Korean youth and students in Japan who are vigorously fighting in defence of democratic, national rights.

We send this appeal to you, our dears, reflecting burning hatred for the Japanese militarists and the feelings of warm kindred love for the Korean youth and students in Japan.

The appeal continued:

Brightly guided by the great *Juche* idea of Marshal Kim Il Sung, the sun of the nation, the Korean youth in Japan have traversed a proud path of victory and glory even in an alien land and made a great contribution to the development of the Korean revolution.

Marshal Kim Il Sung, the great Leader of the 40 million Korean people, taught in his congratulatory message to the Ninth Congress of Chongryon (the General Association of Korean Residents in Japan) as follows:

"...During the period under review the compatriots in Japan could successfully defend their national interests and rapidly expand and develop the patriotic movement even in the capitalist circumstances, far away from the homeland, and make precious achievements which will shine forever in the history of the liberation movement of the Korean people and their movement for the reunification of the fatherland. This is a proud success which cannot be seen in world history of the movement of overseas compatriots."

The Korean youth and students in Japan have definitely established *Juche* in the Korean youth movement in Japan and achieved a solid politico-ideological unity of the youth ranks based on the ideological system of *Juche* of the great Leader Marshal Kim Il Sung even in the difficult circumstances of the alien land, by unfolding a vigorous campaign firmly to arm themselves with his *Juche* idea and to learn his glorious and brilliant revolutionary history.

Through their brilliant embodiment of the great idea of *Juche*, the Korean youth and students in Japan have always preserved the honour of pioneers and shock force in implementing the patriotic tasks of Chongryon.

All the victory gained in the Korean youth movement in Japan, unprecedented in the overseas youth movement, is indeed the brilliant fruition of the great *Juche* idea of Marshal Kim Il Sung, the great sun of our nation, the outstanding Leader of our youth movement and the benevolent father of the youth and students; it is attributable to his wise leadership and paternal affection.

It is also the expression of the intense loyalty to the Leader, and the fruition of ardent, socialist patriotism, cherished by the Korean youth and students in Japan who, breaking through harsh trials and storms in the alien land, have devoted themselves to the struggle for the reunification of the country and the nation-wide victory of the Korean revolution.

We feel immensely proud of the fact that we are fighting in the revolutionary ranks, together with the Korean youth and students in Japan who are boundlessly loyal to the Leader at all times and cherish a fervent love for their socialist fatherland, from which they are far away.

On behalf of all the delegates and the youth and the students in the homeland, the Sixth Congress of the LSWYK, highly appreciating the excellent achievements made by the Korean youth and students in Japan, extends warmest greetings and fervent encouragement to all the Korean youth and students in Japan, who are brothers and comrades.

The appeal went on to say:

Of late, the Japanese militarists, revived under the patronage of the U.S. imperialists, have stepped up the militarization and fascistization of the internal structure and intensified as never before their machinations to suppress the Korean nationals and youth in Japan, while embarking upon the road of overseas expansion according to the aggressive line of the U.S.-Japan "joint statement" based on the so-called "Nixon doctrine."

The Sixth Congress of the LSWYK trenchantly denounces the never-to-be-forgiven criminal acts of the Japanese reactionaries, with the surging national indignation of the entire Korean youth, students and people against the Japanese militarists, the sworn enemy.

Our revolutionary cause has not yet been accomplished and we Korean youth are confronted with a weighty yet honourable task of forcing the U.S. imperialist aggressors out of south Korea and reunifying the bisected country, the appeal said, and continued:

Marshal Kim Il Sung, the great Leader of the 40 million Korean people, taught as follows:

"The General Association of Korean Residents in Japan is confronted today with the task of further developing all its activities in keeping with the present situation which is turning more in favour of the historic struggle of the entire Korean people for the nation-wide victory of our revolution and in step with the grand and solemn Chollima march of the people at home."

The Korean youth in Japan—the young generation who, with their hearts warm with passion, act in a fiery way—are young fighters who are required to take the lead in battle according to the teaching of the great Leader Marshal Kim Il Sung.

Referring to the concrete tasks devolving upon the Korean youth and students in Japan, the appeal stressed that the Korean youth and students in Japan should arm firmly themselves with the *Juche* idea of the great Leader Marshal Kim Il Sung and strengthen the unity of the ranks of the youth movement based on the ideological system of *Juche* of the Leader, and equip themselves with the glorious revolutionary traditions of our Party and staunchly defend, carry forward and develop them from generation to generation.

The appeal emphasized that they should resolutely defend the democratic national rights, launch more vigorously a "movement for correctly learning and using our spoken and written language," intensify education in socialist patriotism, energetically strive to expedite national reunification, cement solidarity with the progressive youth and students of the world and strengthen the revolutionary organizational life.

In conclusion, the appeal said:

You are not alone in your struggle, though you are far away from the homeland.

You have the sagacious leadership of Marshal Kim Il Sung, the great Leader of the 40 million Korean people, who clearly shows you the path ahead of the struggle with the ever-victorious *Juche* idea and takes warm care of you with paternal love, and you have the warm bosom of the rich and powerful socialist fatherland under his leadership.

There will be only victory and glory on the road ahead of you who are fighting forcefully, looking up to the great Leader Marshal Kim Il Sung and holding high the red banner of his *Juche* idea.

Let us all rally closely around Marshal Kim Il Sung, the peerless patriot, national hero, ever-victorious iron-willed brilliant commander, one of the outstanding leaders of the international communist and working-class movements and the great Leader of the 40 million Korean people, and fight on and on for the victory of the Korean revolution and for the prosperity and development of the socialist fatherland!

perialists is now in a grave danger of being even converted into a colony of the Japanese militarists, a new appalling disaster is befalling to the south Korean people and a fresh obstacle is being thrown in the way of the peaceful reunification of the country, the national aspiration of the entire Korean people, he pointed out.

He quoted the teaching of Comrade Kim Il Sung, the great Leader of the 40 million Korean people: **"Only by overthrowing the U.S. imperialist forces of aggression and their henchmen, can the south Korean people achieve freedom and liberation, and only by foiling the Japanese militarist attempt at re-aggression, can they extricate themselves from the danger of new calamities."** He then stressed that the south Korean people should more staunchly fight to materialize the eight-point national reunification programme put forward at the Fifth Session of the Fourth Supreme People's Assembly.

If the entire people of south Korea arm themselves firmly with the immortal *Juche* idea of the great Leader Comrade Kim Il Sung, unite closely around him and come out as one in the anti-U.S., anti-Japanese national-salvation struggle, the colonial rule of the U.S. imperialists in south Korea will be terminated, the reinvasion machinations of the Japanese militarists foiled and the independent reunification of our fatherland accomplished without fail, he emphasized.

Paek Un Gwon, representative of the workers, took the floor next. Trenchantly denouncing the planned trip to south Korea of Agnew, a warmonger of U.S. imperialism, and Sato, boss of Japanese militarism, the sworn enemy of our people, as an intolerable challenge to the Korean people, the speaker declared that if the U.S. imperialists trigger another war of aggression, drawing the Japanese militarists into south Korea, heedless of the repeated warnings of the Korean people, our working class will not let any one of the scoundrels return home alive.

The next speaker was Yun Won Do, representative of the agricultural working people. He scathingly flayed the Japanese militarists, saying that the south Korean tour of villain Sato, boss of Japanese militarism, a tour scheduled with the so-called "presidential inauguration" farce of the traitorous Pak Jung Hi puppet clique as an occasion, is an affront and one more unpardonable challenge to the entire Korean people and other Asian peoples who are unanimous in rejecting and condemning the reinvasion scheme of Japanese militarism.

Kim In Sok, representative of the youth and students, addressed the meeting. Resolutely denouncing with burning hatred and surging national indignation the Japanese militarist aggressors, the inveterate enemy of our people, for again making an inroad into south Korea in real earnest, the speaker said in a highly excited tone that he gave warm support and militant encouragement to the south Korean youth and students and the patriotic people of all other strata who have courageously turned out in the just patriotic struggle to determinedly shatter the reinvasion manoeuvre of Japanese militarism against south Korea and defend the honour and dignity of the nation.

Chang Mun Ja, representative of the women, also made a speech. Exposing with historical facts the crimes committed by traitor Pak Jung Hi, a pro-Japanese running dog and a lousy descendant of the quisling, she emphatically said that the Pak Jung Hi puppet clique, a pack of foul bootlickers of the U.S. imperialists and Japanese militarists and a band of heinous traitors, must be wiped out resolutely by the united struggle of the whole nation.

The speeches were punctuated time and again by the roaring shouts of the attendants of the meeting denouncing the reinvasion scheme of the Japanese militarists against south Korea and actively supporting and encouraging the south Korean youth and students and people in their anti-U.S., national-salvation struggle.

The attendants renewed their unshakable determination to fight on with greater vigour under the uplifted banner of the anti-U.S., anti-Japanese and anti-puppet struggle, rallied rock-firm around Comrade Kim Il Sung, the respected and beloved Leader of the 40 million Korean people.

U.S. Imperialists, Quit South Korea Right Away! Japanese Militarists, Drop Immediately the Brigandish Design to Swallow Up Our Country Again!

Social Organizations of Our Country Issue Joint Statement

The Committee for the Peaceful Reunification of the Fatherland, the General Federation of Trade Unions of Korea, the Union of Agricultural Working People of Korea, the League of Socialist Working Youth of Korea, the Korean Democratic Women's Union, the General Federation of Literary and Art Unions of Korea, the Korean Journalists' Union, the Korean Democratic Lawyers' Association, the Korean Democratic Scientists' Association and the Korean Students' Committee made public a joint statement on June 26 in connection with the reinvasion of south Korea stepped up as never before by the Japanese militarists under the manipulation of the U.S. imperialists.

The villain Sato, the boss of Japanese militarism, plans to crawl into south Korea together with a Japanese "government's special envoy" under the pretext of attending himself the "inauguration" of traitor Pak Jung Hi as puppet "president" scheduled for July 1 and a group of 34 high-ranking officers of the ground, maritime and air "self-defence forces" of Japan will creep into south Korea on July 4 to inspect the units of the puppet army and the area of the Military Demarcation Line and, synchronizing with this, such bigwigs of aggression of U.S. imperialism as "vice-president" Agnew and "defence secretary" Laird are to come to south Korea to directly command on the spot the Japanese militarists and the Pak Jung Hi puppet clique in their military collusion, the joint statement pointed out and severely condemned these moves as an intolerable challenge to the Korean people.

The joint statement disclosed the fact that the Japanese militarists are carrying on more frantically their scheme for reinvasion of south Korea in accordance with the "new Asia policy" of the U.S. imperialists who are insidiously working to realize without difficulty their aggressive designs chiefly by means of "making Asians fight Asians" by using the Japanese militarist forces as a "shock force" in their Asian aggression particularly under the signboard of the "Nixon doctrine."

The statement quoted the words of Comrade Kim Il Sung, the great Leader of the 40 million Korean people:

"Our country is the first target of attack for Japanese militarism in its foreign aggression. The Japanese militarists have already begun creeping into south Korea. Under the manipulation of U.S. imperialism, they have worked out most reckless war plans to invade Korea, openly scheming to send their armed forces of aggression to the Korean front, and have gone so far as to declare the Democratic People's Republic of Korea a zone of operation."

The joint statement cited in detail the facts showing how the Japanese militarists have been stepping up preparations for aggression on our country.

The joint statement said that the manoeuvrings of the Japanese militarists for invading south Korea again have entered a new dangerous stage and become more undisguised particularly after the fabrication of the "third-term election" of traitor Pak Jung Hi, the dual stooge of the U.S. and Japanese aggressors, and warned as follows:

If the U.S. imperialists and the Japanese militarists, oblivious of lessons of history and the stark reality of today, dare to ignite a new, adventurous war of aggression, the scoundrels will perish for good in the flame they kindle.

The U.S. imperialists must give up at once the "U.S. army reduction" fraud and pull out of south Korea unconditionally and completely, and the Japanese militarists must discontinue forthwith their reinvasion of south Korea and drop their brigandish design to swallow up our country again.

The joint statement dwelt on the fact that the south Korean people are today raising higher the flames of the struggle for chasing away the U.S. imperialist aggressors, frustrating the reinvasion scheme of the Japanese militarists and toppling the Pak Jung Hi puppet regime, and achieving the reunification of the country, and emphasized:

There are for the fighting south Korean people the wise leadership of Comrade Kim Il Sung, the great Leader of the 40 million Korean people, peerless patriot, national hero, ever-victorious iron-willed brilliant commander and one of the outstanding leaders of the world revolution, and the active support and encouragement of the people in the northern half of the Republic and the warm support of the progressive people of the whole world.

With no desperate moves can the U.S. and Japanese aggressors and the Pak Jung Hi puppet clique bar the way ahead of the south Korean people who are vigorously waging the anti-U.S., anti-Japanese national-salvation struggle and the struggle against fascism and for democratization, to win freedom and liberation and attain the reunification of the country.

On the morning of June 19 the representatives of youth organizations and democratic personages of various countries on visit to our country to attend the Sixth Congress of the League of Socialist Working Youth of Korea lent a helping hand at the construction site of the Museum of Korean Revolution which will present a comprehensive review of the nearly-half-a-century-long glorious and brilliant revolutionary history of Comrade Kim Il Sung, the great Leader of our Party and the 40 million Korean people, genius of revolution and one of the outstanding leaders of the international communist and working-class movements.

They headed for the construction site by car, all in working clothes, flying in the van a flag bearing a portrait of Comrade Kim Il Sung, the respected and beloved Leader, and shouting the slogan "Long live Comrade Kim Il Sung!"

Saying in unison that they deem it an immense pride and honour to take part in the construction of the Museum of Korean Revolution, a giant monumental edifice, the guests worked hard with the builders there.

During breaks, the guests spent a pleasant while, singing the "Song of General Kim Il Sung" or dancing joyously hand in hand with the Korean builders to the tune of revolutionary songs.

A member of the Somali democratic youth delegation repeatedly shouted in Korean "Long live Comrade Kim Il Sung!" and a guest sent up loud shouts of hurrah, waving a red flag.

The builders there renewed their firm determination to further strengthen the unity with the revolutionary youths of the world and construct at a faster speed the Museum of Korean Revolution, a giant monumental edifice, expressing thanks to the foreign friends who rendered labour assistance in the construction of the Museum with infinite veneration for Comrade Kim Il Sung, the great Leader of revolution.

STATEMENT

of the Sixth Congress of the League of Socialist Working Youth of Korea in Support of the World Youth in Their Anti-Imperialist, Anti-U.S. Struggle

In the international arena today a fierce struggle is going on between socialism and imperialism, between the revolutionary forces and the counter-revolutionary forces. In this struggle the socialist, democratic and peace-loving forces are winning victory after victory and the aggressive forces of imperialism are failing into decay and ruin.

The revolutionary and progressive youth and students of Asia, Africa, Latin America and the rest of the world are waging a vigorous struggle against the imperialists headed by the U.S. imperialists and their lackeys.

This grand anti-imperialist, anti-U.S. struggle today is a sacred struggle for freedom, independence and world peace and, at the same time, a great struggle to cut off the life line of world imperialism.

The Sixth Congress of the League of Socialist Working Youth of Korea extends the warmest fraternal greetings to and expresses militant solidarity with all the youth of Asia, Africa, Latin America, Europe and Oceania who continue a staunch struggle against the U.S. imperialists and their stooges and for the triumph of the cause of peace, democracy, national independence and socialism and communism.

Today, the imperialists, the U.S. imperialists in particular, are sinking deeper into a quagmire in all parts of the world under the powerful blows from the peoples.

However, the deeper the U.S. imperialists fall into ruin, the more desperately they resort to aggression and war to save themselves from doom, disturbing peace in all parts of the world.

Under the cloak of "peace" the U.S. imperialists are carrying on a brutal war of aggression against the socialist countries and the national independent states and intensifying their manoeuvrings to undermine other countries ideologically and politically.

In pursuance of the so-called "new Asia policy" based on the notorious "Nixon doctrine," the U.S. imperialists are trying to expand their war of aggression under the signboard of the "Vietnamization" of war in Indochina and are promoting more undisguisedly than ever their plot to unleash another war behind the curtain of the deceptive farce of the "cutback of the U.S. troops" in south Korea.

The U.S. imperialists are running amuck to strangle the Republic of Cuba, a country where the socialist revolution triumphed for the first time in the Western Hemisphere, and are incessantly perpetrating acts of aggression and war against the Arab people by instigating the Zionists in the Near and Middle East.

U.S. imperialism is rearming Japanese and West German militarism, creating again new dangerous seats of war in Asia and Europe.

At present there is not a country on the globe whose sovereignty is free from encroachment by the U.S. imperialists and which is not exposed to the threat of their aggression.

U.S. imperialism is the most savage and heinous aggressor and plunderer in history, the ringleader of world reaction and the principal common enemy of all the progressive peoples of the world.

The Sixth Congress of the LSWYK trenchantly condemns the manoeuvrings of the U.S. imperialists for aggression and war in Asia, Africa and Latin America and all other parts of the world as an intolerable criminal act against all mankind and strongly denounces the U.S. imperialists with surging indignation.

The prevailing situation requires the revolutionary peoples and youth of the five continents to fight more resolutely against imperialism and old and new colonialism and spearhead their attack, above all, against U.S. imperialism.

Peace and national independence, the victory of democracy and socialism, and the freedom, liberation and bright future of the world democratic youth are inconceivable without fighting the U.S. imperialists.

Comrade Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, taught as follows:

"The peoples of revolutionary countries in Asia, the Palestinian people and other fighting Arab peoples, the African and Latin-American peoples fighting for freedom and liberation and all the revolutionary peoples of the world should be firmly banded together to deal blows at U.S. imperialism and dismember it. The peoples in revolutionary and fighting countries should tear arms and legs off U.S. imperialism and behead it in all parts of the world."

To fight resolutely against the U.S. imperialists today is the most urgent duty and primary task for the youth who struggle together with the peoples fighting for freedom, liberation and social progress, always standing firmly on their side.

All the progressive youth and students of the world who love justice and truth and fight for them through thick and thin, are coming out courageously in the sacred struggle against the U.S. imperialists, the sworn enemy, who stretch out the tentacles of aggression, force a war and trample on peace at random.

In order to curb U.S. imperialist aggression on Asia, the youth and peoples of the revolutionary countries in Asia are fighting to drive the U.S. imperialist aggressors out of south Korea, Taiwan, South Viet Nam and the rest of Indochina, Japan, all places in Asia where they have set their foot.

The youth and peoples of Viet Nam, Laos and Cambodia, united closely under the banner of the joint declaration of the Summit Conference of the Indochinese Peoples, are fighting a heroic battle for thoroughly beating down the U.S. imperialist aggressors and their stooges, winning great victories every day.

The entire Korean youth heartily rejoice over the brilliant combat results, which the fraternal Indochinese youth and peoples are gaining on all fronts of Indochina, as over their own and warmly congratulate them.

The war of resistance against U.S. imperialism and for national salvation waged by the Indochinese peoples and youth is a righteous struggle for the complete liberation, reunification and independence of their countries and a struggle for peace in Asia and the world.

This Congress solemnly declares that the Korean youth will, in the future, too, actively support and encourage the anti-U.S. national-salvation struggle of the Indochinese youth and peoples against the U.S. imperialist aggressors and are fully ready to go at any time, if need be, to fight together with the Indochinese comrades-in-arms.

We hold that the Viet Nam question must be solved on the basis of the 10-point overall solution and 8-point supplementary proposal advanced by the South Viet Nam National Front for Liberation and the Provisional Revolutionary Government of the Republic of South Viet Nam, and that the Laotian question must be solved by the Laotian people themselves on the basis of the 5-point political solution and the proposal of April 27, 1971 advanced by the Laotian Patriotic Front.

We fully support the just position elucidated in the 5-point declaration made by Samdech Norodom Sihanouk, Head of State of Cambodia, on March 23, 1970.

We actively support the just struggle of the fraternal Chinese youth and people for making the U.S. imperialist aggressive army withdraw from Taiwan, the inalienable sacred territory of the People's Republic of China, and liberating this island.

The struggle against Japanese militarism is a struggle to defend peace in Asia and the rest of the world and it is an important link in the struggle to foil and frustrate the Asian strategy of U.S. imperialism.

The Japanese people, youth and students are resolutely fighting against the U.S. imperialists' policy of aggression and the revival of Japanese militarism and for the complete independence of the country, democracy and peace.

The struggle of the Japanese people, youth and students greatly contributes to the cause of peace in Asia and the rest of the world.

We positively support the struggle of the peoples and youth of Japan, China and all other Asian countries against the U.S. imperialists' policy of aggression and the revival of Japanese militarism.

The Arab people are stubbornly fighting to drive the U.S. imperialists and their lackeys, the Israeli aggressors, out of the Arab land for good and defend the dignity of the Arab people.

We actively support the Arab people and youth in their struggle against the U.S. imperialists and their stooges, the Zionists, and for the consolidation of national independence and territorial integrity, and positively support and encourage the Palestinian people and youth in their heroic struggle for the liberation and independence of their fatherland.

The African peoples are waging a vigorous struggle to smash the armed suppression and the destructive and subversive plots against the newly-independent countries being committed ever more viciously in recent years by the imperialists and old and new colonialists led by the U.S. imperialists, and to consolidate national independence and achieve the complete liberation and unity of Africa.

We express firm solidarity with the peoples and youths of Angola, Mozambique, Guinea (Bissau), Namibia, Eritrea and Comoro who are valiantly fighting, arms in hands, for freedom and liberation, and with the peoples and youths of Zimbabwe and South Africa who are fighting against barbarous racial discrimination.

We resolutely condemn activities of aggression, subversion and sabotage committed ceaselessly by the imperialists against the Republic of Guinea and other newly-independent countries in Africa, and actively support the peoples and youths of Algeria and all other newly-independent countries of Africa in their struggle waged for the consolidation of national independence and the creation of a new life under the banner of anti-imperialism and independence.

Today an intense anti-U.S. struggle is going on also on the Latin-American continent which was once called a "quiet backyard" of the U.S. imperialists.

The Cuban people and youth are building socialism under the very nose of U.S. imperialism, smashing at every step the enemy's vicious acts of aggression and subversion and sabotage.

We resolutely support the heroic struggle of the fraternal Cuban people and youth who are building socialism successfully, defending firmly the Cuban revolution and its gains from U.S. imperialist aggression.

We actively support the revolutionary struggle of the peoples and youth of Uruguay, Argentina, Nicaragua, Colombia, Guatemala, Dominica, Brazil and Puerto Rico, who are waging a valiant armed struggle against U.S. imperialism and pro-U.S. reactionary regimes, and of the peoples and youth of various countries in Latin America including the people and youth of Chile who have risen up for the independent development of the country and the building of a new society.

The youth and people in the German Democratic Republic are carrying on an energetic struggle against the criminal manoeuvres of U.S. imperialism and West German militarism revived under its patronage and for the security of the country and defence of the socialist gains. We actively support the Government, people and youth of the German Democratic Republic in this just struggle.

We express solidarity with the youth and peoples of the socialist countries in their struggle against the aggression and war policy of U.S. imperialism and for world peace and people's security.

Peoples and youth of Western Europe, Northern Europe, North America and Oceania are fighting against the aggression and war policies of the imperialists and colonialists led by the U.S. imperialists and for defence of peace, against oppression and exploitation by capital and for the right to existence, democratic freedom and socialism.

We positively support the peoples and progressive youths and students in Italy, France, Spain and Greece and other countries in these continents in their revolutionary struggle.

The Korean youth always stand firmly on the side of the progressive youths of all countries who have risen up for the anti-imperialist revolutionary cause.

Ours is a great era of revolution, an age of struggle, when imperialism ruins and socialism triumphs on a world-wide scale.

The ranks of peoples and youth fighting against imperialism are constantly expanding in Asia, Africa, Latin America, European capitalist countries, and everywhere else in the world.

At present, aspiration for socialism is an irresistible trend of our time and the downfall of imperialism, which is already on the decline, is inevitable.

The Korean youth will, in future, too, as in the past, continue to fight dynamically against the imperialists led by the U.S. imperialists and Japanese and West German militarism, in unity with youths of the socialist countries, in unity with fighting youths in Asia, Africa, Latin America, and in unity with all the progressive youths of the world, holding aloft the banner of Marxism-Leninism and proletarian internationalism, the revolutionary banner of anti-imperialist, anti-U.S. struggle.

All the revolutionary peoples and youth of Asia, Africa, Latin America and the rest of the world will surely build a new independent, prosperous society, and a new good world free from imperialism, exploitation and oppression, by uniting and unfolding a resolute struggle to the last against the imperialists led by the U.S. imperialists.

Pyongyang, June 28, 1971

The Senior Member of the Side of the Korean People's Army and the Chinese People's Volunteers to MAC Issues Statement

The Entire Korean People Resolutely Denounce Filthy Conspiratorial Scheme of U.S. Imperialists to Wreck and Trample Underfoot the Korean Armistice Agreement and Cover Up Their Acts of New War Provocation

The Senior Member of the side of the Korean People's Army and the Chinese People's Volunteers to the Military Armistice Commission issued a statement on June 22 denouncing the criminal machinations the U.S. imperialist aggressors are recently carrying on more frantically to wreck security and order in the joint security area of Panmunjom and paralyze the functions of the Military Armistice Commission and its subordinate organs.

The statement pointed out:

The U.S. imperialist aggressors are recently carrying on more frantically the criminal machinations to wreck security and order in the joint security area of Panmunjom and paralyze the functions of the Military Armistice Commission and its subordinate organs.

Our side demanded that the 391st meeting of secretaries of the Military Armistice Commission be called on June 15 and the 318th meeting of the Military Armistice Commission called on June 21 in accordance with the requirements of the Armistice Agreement in connection with the recent grave acts of armed provocation committed by the U.S. imperialist aggressors in the area along the Military Demarcation Line.

But the U.S. imperialist aggressors are refusing to turn up at the meetings called by our side, palavering as if the visit to Panmunjom of foreigners who came to our country were any "threat" to "security and order in the joint security area" and "obstructed" the "work of various organs of the Military Armistice Commission."

This is a wanton violation of paragraph 31 of the Korean Armistice Agreement stipulating that in case one side calls a meeting of the Military Armistice Commission to discuss matters concerning the implementation of the Armistice Agreement, the other side should immediately comply with it, and a premeditated move to artificially obstruct the normal activities of the Military Armistice Commission and hamper foreigners' visit to Panmunjom.

The entire Korean people resolutely denounce this filthy, conspiratorial scheme of the U.S. imperialists to wreck and trample underfoot the Korean Armistice Agreement and cover up their acts of new war provocation.

The U.S. imperialist aggressors have resorted to all sorts of obstructive machinations to prevent the normal work of the Military Armistice Commission and its subordinate organs, outrageously wrecking and trampling underfoot security and order in the joint security area in wanton violation of the Korean Armistice Agreement from the first day of its signing.

The U.S. imperialists are perpetrating provocations almost every day in the joint security area. They are destroying the establishments of our side, infringing upon and violating the human rights of personnel of our side performing their official duties and foreigners visiting Panmunjom, and threatening their safety and obstructing their free activities by illegally bringing in numerous armed personnel and hooligans and are bringing a large number of "tourists" into Panmunjom to conduct a malignant "anti-communist" propaganda against the Democratic People's Republic of Korea.

Since the beginning of this year, the U.S. imperialist aggressors have committed over 110 cases of provocations in the joint security area in Panmunjom.

On the other hand, the U.S. imperialists are perpetrating reckless provocations by permanently keeping numerous combat personnel near the compound of the headquarters of the Military Armistice Commission and illegally bringing various types of heavy and automatic weapons there to commit reckless provocations, thus seriously menacing security in the joint security area.

A grave and tense atmosphere constantly prevails in the joint security area due to the provocations of the U.S. imperialist aggressors. Security and order in this area are maintained only thanks to the perseverance of personnel of our side and their firm defensive posture.

The work of the Military Armistice Commission and its subordinate organs is also ensured by the sincere efforts of our side, the statement pointed out and went on:

The Korean Armistice Agreement clearly provides for free inspection of Panmunjom. We arrange the tour of Panmunjom by foreigners visiting our country entirely in conformity with the requirements of the Armistice Agreement. This can neither be any reason nor pretext for the U.S. imperialist aggressors to refuse to appear at the meetings called by us.

It is no more than a foolish attempt to prevent the full exposure of their aggressive nature before the whole world that the U.S. imperialists are now trying to hamper the foreigners' inspection of Panmunjom, refusing to show themselves at the meetings.

The side of the Korean People's Army and the Chinese People's Volunteers to the Military Armistice Commission will never tolerate any move of the U.S. imperialists to wreck the Korean Armistice Agreement, the statement declared and demanded that the U.S. imperialist aggressors put an immediate end to their criminal act of wantonly violating the Armistice Agreement and turn up without delay at the meeting of the Military Armistice Commission and the meeting of secretaries called by our side in accordance with the requirements of the Armistice Agreement.

We Are Dead Set against the Visit to South Korea of the Villain Sato, Boss of Japanese Reactionaries

Vigorous Struggle of South Korean Student Youth

The struggle of south Korean student youth against the reinvasion of south Korea by the Japanese militarists and against fascist military drill is getting fiercer with each passing day.

As already widely reported, from the outset of last April the south Korean student youth kept up a stubborn mass struggle against forcible military drill and fascistization of school by the U.S. imperialists and the Pak Jung Hi puppet clique and against the "election" farce for long-term office of the Pak Jung Hi puppet clique and for democratic rights and freedom.

These days they are launching a mass struggle every day in various forms—denunciation rally, street demonstration, issuance of statements and collection of signatures—in resolute opposition to and in condemnation of the planned visit of villain Sato, the boss of the Japanese militarists, to south Korea allegedly to participate, under the direction of the U.S. imperialists, in the so-called "presidential inauguration" of the traitor Pak Jung Hi to be held on July 1 and the scheduled infiltration of scores of high-ranking officers of the Japanese "self-defence forces" into south Korea under the cloak of the "trainees for defence of Japan."

According to a report from Seoul, on June 28, students of the Liberal Arts and Science College and Law College under Seoul University surged out to the street to stage a powerful joint demonstration against the trip of Sato, the boss of Japanese reactionaries, and big-wigs of the "self-defence forces" to south Korea.

Prior to the demonstration they held a denunciation rally and a general meeting of students, pungently flaying the unbridled reinvasion plots of the Japanese militarists.

That morning, students of the Liberal Arts and Science College, in the resolution adopted at the general meeting of students, stated that "at present Japan is again harbouring the fantastic ambition of a 'Greater East Asia Co-Prosperity Sphere'" and quickening the pace of rearmament and thus "bringing the revival of militarism into the open and seeking to further intensify their neo-colonialist aggression against 'Korean peninsula'" and declared that they are dead set against the visit to south Korea of Sato, the rascal, and high-ranking officers of the "self-defence forces."

In the resolution the students also denounced with towering indignation the Pak Jung Hi fascist clique for desperately trying to suppress at the point of the bayonet their righteous struggle against the fascist military education system and for campus freedom, and strongly demanded the "total abolition of military drill," "cancellation of punishment on students" and the prompt withdrawal of the "trial" farce for the illegally arrested students.

On the other hand, students of the Law College too, had a denunciation meeting, having put up a placard bearing a slogan decisively opposing Sato's crawling into south Korea.

On the same day students of the Commercial College and Liberal Arts Faculty under Seoul University held street demonstrations after having a denunciation meeting respectively. General meetings of students at Korea University and Yonse University issued written protests and statements expressing their firm determination to resolutely fight to the end against fascist military education and Sato's entry into south Korea.

Earlier, on June 26 the general students association of Seoul University made public a statement, in which they declared that they "vehemently oppose" the creeping into south Korea of Sato, the boss of Japanese reactionaries, and high-ranking officers of the Japanese "self-defence forces" on the occasion of the farcical puppet "presidential inauguration" because it is a plot to "accelerate subjugation of south Korea's economy by Japan and furthermore to stretch its tentacles" even to the spheres of politics and military affairs.

Students of the Engineering College under Seoul University, on June 25 and 26, unfolded a signature-seeking campaign opposing and rejecting the entry of Sato, the boss of Japanese militarism, into south Korea. As a result, all the 3,500 students of the college were reported to have affixed their signatures by noon on the 26th.

Besides, that day the "Committee of Struggle for Democracy" of Songgyungwan University in Seoul issued a statement.

The struggle of south Korean student youth opposing the reinvasion of south Korea by Japanese militarism and the militarization of school is showing a sign of further expansion.

"Song of Loyalty of Young Guards," a New Grand Music, Dance and Poetical Drama, Staged

in Celebration of Sixth Congress of LSWYK

Youth and students in Pyongyang city, the capital of the revolution, created the grand music, dance and poetical drama "Song of Loyalty of Young Guards," which is performed with a large cast of 5,000, in honour of the Sixth Congress of the League of Socialist Working Youth of Korea. Its premiere was given on June 27 at the Open-air Theatre in the Moran-bong Youth Park.

Comrades Pak Sung Chul, So Chol, Yang Hyong Sop and Kim Song Ae and cadres of the Party and government organs and the LSWYK, together with delegates to the Congress and foreign guests, saw the performance.

Invited to it were diplomatic representatives of various countries in our country.

The grand performance is a magnificent epical piece of art depicting through a wide range of scenes the history of the youth movement in our country covering nearly half a century until this day since the founding of the Down-With-Imperialism Union in 1926 by Marshal Kim Il Sung, the genius Leader of revolution, who set out on the road of revolution at his early age and has led the Korean revolution and the youth movement along one road of victory and glory, going through storms and stresses and fighting his way through thorny bushes.

The respected and beloved Leader Marshal Kim Il Sung taught:

"The triumphant advance of the communist youth movement in our country and the brilliant feats and achievements of the LSWY are all attributable to the sagacious leadership of the Workers' Party of Korea."

This work furnishes a fine artistic representation of the wise guidance and great solicitude of Marshal Kim Il Sung, the great Leader of our Party and the 40 million Korean people and benign father of our youth, students and pupils, who has put forward the correct lines and policies for the youth and juvenile work in each period and at each stage of the development of the revolution and has always shown the parental concern for the strengthening and development of the LSWYK and for the younger generation, as well as of the history of the intense loyalty of our youth who have devoted their all solely for the Leader in any time and at any place and the firm determination of our youth and students to valiantly fight on along one road of revolution indicated by him.

The performance proceeded amid the feelings of militant friendship and unity overbrimming the theatre.

For its big mass scenes, profound ideological contents and high artistic level the grand performance received tumultuous applause and cheers of the audience in every change of its scenes.

When the performance was over, Abel Rahman Aziz-Zubier, member of the "Group for Study of the Ideas of Premier Kim Il Sung" in the Sudan, shouted in Korean "Long live Comrade Kim Il Sung!" Responding to him the entire audience sent up cheers of hurrah expressing their unbounded reverence and respect for Comrade Kim Il Sung, the great Leader of revolution.
